CORRIGENDUM

This office tender 4993 dt. 20.12.2024 for **Supply , installation and maintenance of IP Based Video Surveillance System (CCTV)** , for which the tender re-scheduled ,is fixed in the following manner

SL.NO IN TENDER	ORIGINAL TERMS & CONDITIONS IN TENDER	Queries	Remarks / Corrigendum
Special condition Sl. No. 07	The bidder shall deposit @ 3% (Refundable) of the Total value of the order towards EMD in the form of Demand Draft in favour of " The Director , Acharya Harihar Regional Center , Cuttack . which is to be enclosed in the Technical Bid.	<ol style="list-style-type: none">1. Please provide EMD amount to be deposited.2. Please clarify the EMD 3% of which value? As per GFR , the EMD is given on the estimated or budgeted value. The estimated project value is not mentioned in the RFP. In such individual bidder price would differ and the EMD amount will also be different for every bidder	The bidder shall deposit Rs.30,000 /- towards EMD in the form of Demand Draft in favor of " The Director , Acharya Harihar Regional Cancer Centre , Cuttack which is to be enclosed in the Technical Bid .
		Please provide financial bid format	Refer to Annexure IV of Tender document.
		Please provide the total tender value of the work	Refer to Point no. 05 of Terms & conditions of Tender document.
		1.10% withheld over the top to PBG exceeds Government GFR.5% PBG is already asked after the installation and commissioning. Even after taking EMD of 3% as security deposit , 10% of additional holding is not necessary. Hence it is recommended to wave of the same. As an alternative milestone basis payment shall be explored.	The bidder shall deposit Rs.30,000 /- towards EMD in the form of Demand Draft in favor of " The Director , Acharya Harihar Regional Cancer Centre , Cuttack which is to be enclosed in the Technical Bid . EMD will be refunded on completion of the Tender process. The L1 bidder will have to deposit performance security @ 5% of the bid

		2. Please clarify the EMD 3% of which value? As per GFR , the EMD is given on the estimated or budgeted value. The estimated project value is not mentioned in the RFP. In such individual bidder price would differ and the EMD amount will also be different for every bidder	value & the security deposit will released after the completion of the contract.
Sl. no 3 (Special condition)	All the CCTV's , active and passive components supplied shall have warranty for a period of 3 years from the date of installation.	Please clarify whether the warranty period is for Material or the entire system upkeep?	Warranty will be covered for the active components only .
			Authorization of OEM for active components with documentary proof .
			OEMs should have ISO certified with document proof .
Scope of work		There is a Mandatory compliance guideline from Ministry of Home Affairs, Govt. Of India with regards to CCTV and Accessories for approval, selection and deployment in sensitive locations or installations. Hence the specifications and the preferred makes shall be decided accordingly. The Government order is attached for your reference and actions.	The Tender document has been prepared as per Govt. of Odisha Notification vide no. 24175/H dt.18.09.2024
Network Video Recorder of Technical Specification of Page No: 6		As per the latest architecture of CCTV solutions, all the leading OEMs are providing Central Monitoring Stations. Hence, we would recommend not growth legacy architecture and equipment. We would recommend a CMS (Central Monitoring Station) with different administrative rights for supervisory control which will ensure integration of all camera under one administrative control.	Not possible in the existing infrastructure of this Institute.
IP-Camera – Dome Network Camera of Technical Specification of Page No: 7 & IP-Camera – Bullet Network Camera of Technical Specification of Page No: 7		The Preferred make shall be given as per MHA - STQC approved list of OEMs or equal opportunity shall be given to all OEMs.	The tenderer should supply as per brands mentioned.

Annexure-IV of Page No:12		Since the BOQ (Bill of Quantity) is not defined or explicitly mentioned. Hence arriving on a firm financial bid is arbitrary. Hence please mention the BOQ.	Refer to Point no. 05 of Terms & conditions of Tender document.
Transparency and Good Engineering Practice		As per the quantity of Camera provided, it is understood that you have 82nos of Camera requirement, which will keep on growing in future. Dealing with the live streaming of such huge Video Data, establishment of a smart network architecture plays a vital role. Hence, we recommend as per MHA guidelines a 2-tier architecture must be implemented. That means the recording or availability of CCTV streams shall happen in two different locations to enable this architecture. A detailed IP network shall be envisaged. Hence it is recommended to define the Storage ,Active and Passive component explicitly in the Bid with Technical Specifications.	Not possible in the existing infrastructure of this Institute.
		The tender document specifies only the number of cameras and their installation locations. However, a detailed BOQ is missing. We respectfully request the inclusion of a comprehensive BOQ to ensure precise bidding and clarity for all participants.	Refer to Point no. 05 of Terms & conditions of Tender document.
		The tender mentions only dome cameras; however, considering effective surveillance design, both bullet cameras and dome cameras may be required. Kindly confirm if both types of cameras are needed to meet the project's operational goals.	As per Technical specification.
		In line with fostering the " Make in India " initiative, we humbly request the inclusion of Matrix . in the preferred brand list..As an indigenous OEM with globally recognized certifications (BIS, CE, FCC), Matrix is fully compliant with PMA policies and offers robust, locally manufactured surveillance solutions.	Not possible in the existing infrastructure of this Institute.

		In accordance to Govt. of India "Make in India" guideline, we are also requesting you to please give some preference to the start up Make In India OEM's for CCTV products line who have their own state of art manufacturing facility herein India and generating revenue for Govt. Who also dose have MSME certificate. Please amend to CCTV OEM should have manufacturing in India since last five years and Foreign CCTV OEM should have manufacturing unit globally from last 10 years. Documentary evidence should be submitted.	The vendor should supply as per brand mentioned.
		As Per Technical Specification , PoE Switch not mention ,We request you to please Clarify how many PoE Port are required .Recommended : 8 Port PoE Switch , 16 Port PoE Switch , 24Port PoE Switch	Refer to Technical specification of Tender document.
		Please Clarify. (How many channels are needed 16 Ch. Or 8Ch.) with SATA Port	Refer to Technical specification of Tender document
		Kindly help to clarify how many channels NVR required as its mentioned 8 Channel & 16 Channel both?	Refer to Technical specification of Tender document.
		If we add 8MP camera in NVR it would generate a band width maximum 9MBPS, then what is the requirement for such High bandwidth ?Such High bandwidth requirement will only increase cost of product, Hence requesting to amend this clause as "Incoming Bandwidth 160 Mbps or better"	Refer to Technical specification of Tender document.
		Kindly help to clarify requirement of 16 Input & 6 Output alarm ports in NVR, Hence it is requested to amend this clause as "Alarm Input -4 & Output -1 or better", to allow maximum OEMS to participate here	Refer to Technical specification of Tender document.
		To calculate storage of NVR, Camera breakup is required like how many Bullet & How many	Refer to Technical specification of Tender

		Dome cameras to be installed in a particular NVR, with Resolution of Bullet & dome cameras, as intender document it is mentioned 4MP Resolution for Dome camera, 4,5,8MP resolution for bullet camera, Need clarification how much bullet cameras to be installed with how much resolution?	document.
		As per circular received from date:- 22-03-2022, (P-45021/208/2020/BE-II)ministry of commerce & industry, Indian standard confirmed that Indian Standard IS:13252 is equivalent to UL/CE certification, Hence is requested to amend this clause as "BIS, CE, FCC"	Refer to Technical specification of Tender document.
		Kindly help to clarify what resolution is required here for Bullet camera as 3 types of resolution is mentioned in Image sensor & 2 types in resolution part, it requested to clarify this part, as storage calculation of NVR depends upon resolution of cameras & numbers of cameras in each location	Refer to Technical specification of Tender document.
		Kindly help to clarify requirement of such high focal length in Bullet cameras, The lens size varies from OEM to OEM as per the technology standard used. Hence request to revise the clause to "Focal length - 2.8/ 4/6mm	Refer to Technical specification of Tender document.
		Kindly help to clarify what resolution is required here for Bullet camera as 3 types of resolution is mentioned in Image sensor & 2 types in resolution part, it requested to clarify this part, as storage calculation of NVR depends upon resolution of cameras & numbers of cameras in each location	Refer to Technical specification of Tender document.
		Ethernet Port is an hardware & cable gets connected by Rj-45 connector, So kindly help to clarify "Ethernet - Cat6upto 10000 Mbps, Cat7	May be read as 1RJ45 ports (10/100/1000Mbps)

		supports up to 40000Mbps"hecerequested to amend this clause as "1 RJ45 10 M/100 M self-adaptive Ethernet port
